Lithium Ion Battery Notification

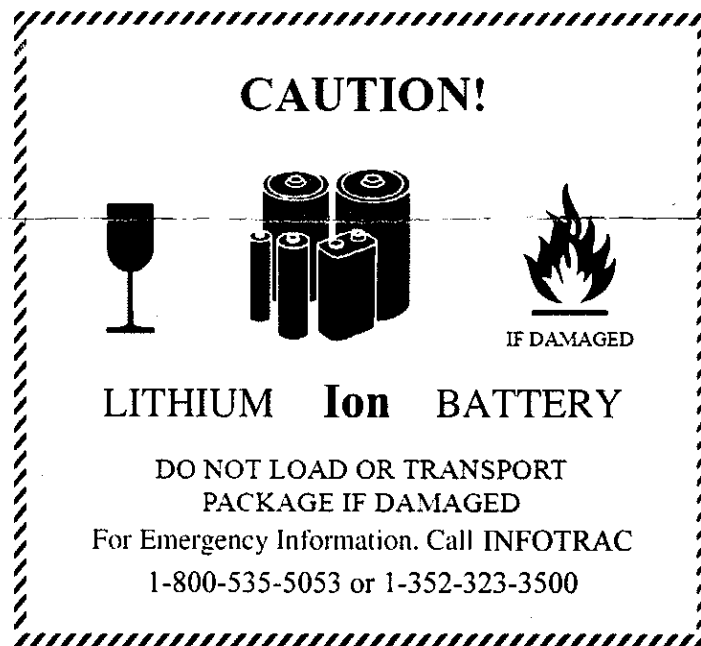

This package contains small lithium cells or batteries. Packaging, labeling and documentation for this package are in accordance for shipping regulations for lithium cells ≤ 20 Wh and / or batteries ≤ 100 Wh

If this package is damaged during shipment, batteries must be quarantined, inspected and repacked if necessary.

For Emergency Information call **INFOTRAC**
1-800-535-5053 or 1-352-323-3500

This Package contains Lithium Ion Batteries that are Not Restricted

- ☐ packed in accordance with Section II of PI 966 (Packed With)
☒ packed in accordance with Section II of PI 967 (Contained In)

1) The transportation of lithium cell(s) or battery(ies) is regulated in The United States in accordance with Part 49 of the code of Federal Regulations (49 CFR Section 173.185). As used in this section, lithium cell(s) or battery(ies) includes both lithium metal and lithium ion chemistries. Equipment means the device or apparatus for which the lithium cells or batteries will provide electrical power for its operation

2) International transportation of lithium cell(s) or battery(ies) is regulated by the International Civil Aviation Organization (ICAO) Technical Instructions and corresponding International Air Transport Association (IATA) Dangerous Goods Regulations and the International Maritime Dangerous Goods (IMDG) Code.

3) Customers are responsible for adhering to the packaging and marking requirements when re-shipping cells or batteries, and must ensure that the proper packaging and labeling is used.
